

Resinol healed that skin trouble

When you think what a source of annoyance and suffering that eczema has been to me in the past three years, do you wonder I am thankful that the doctor prescribed Resinol? The very first time I used it, the itching stopped and in a surprisingly short time the eruption began to disappear.

Resinol Soap should usually be used with Resinol Ointment to remove the skin, to receive the Resinol medication. Resinol Soap and Resinol Ointment are sold by all druggists. Resinol Soap helps to clear your complexion.

PARIS DEFENSES BEING REMOVED

Special Fortifications Were Ordered Down by Chamber of Deputies

WERE ERECTED SOON AFTER WAR BEGAN

There Are Three Rings of Permanent Fortifications About the City

Paris, March 18. (Havas).—The Chamber of Deputies to-day authorized the removal of special fortifications about Paris, which were erected shortly after the war began.

There are three rings of permanent fortifications about the city of Paris—first a solid wall of masonry 22 miles in circumference around the old sections of the city; second, a system of 17 detached forts arranged at intervals of two miles beyond the wall and making a circuit of the city 34 miles in extent; and third, an outer girdle of forts 75 miles in length on the heights commanding the valley of the Seine. In August, 1914, special fortifications were erected, buildings demolished, and trees which obstructed a clear view of the terrain about the city were cut down. These probably are the fortifications which are to be dismantled.

LIMIT TIME OF OCCUPATION

By Removing Peace Clause for Control of German Armament Indefinitely

ADMIRAL BENSON PUT IN OBJECTION

Control Extends Merely Over Time Fixed for Delivery of Materials to Allies

Paris, Tuesday, March 18. (By the Associated Press).—The military terms of the treaty of peace have been amended by the elimination of the clause providing for the control of Germany's armament for an indefinite period. Admiral W. S. Benson of the United States navy pointed out that the original terms committed the United States to a virtually indefinite occupation of Germany, and it was chiefly on his insistence that the terms were modified. American delegates also pointed out that control of any portion of Germany for such a period would delay the return of American troops and would amount to annulling the sovereignty of Germany.

As amended, the terms provide for control through the time fixed for the delivery of materials of war, guns and ships, but not through the period during which war damages will be paid by Germany.

Your Other Brain

Down in the abdominal cavity lies a great "plexus" or network of nerve centres, that has been called the "abdominal-brain." It cannot think. Its functions are to superintend and keep in operation various mechanical processes, such as the proper secretion of moisture by intestinal glands and adequate action of intestinal muscles in the walls of the bowels.

It receives messages from nerves in various regions of the body, but being unable to reason, it often acts blindly, imperfectly, or improperly. It may stop secretion, lessen muscular action—and the result is constipation.

Castor oil, pills, salts, mineral waters, etc., do not reason with the abdominal brain, they force it to temporary action, to unnatural effort, until the bowels move. But this is followed by a sulky attitude or even a "strike" by your other brain, and the constipation is increased not cured.

90% of human illness results from self-poisoning, caused by constipation.

But Nujol acts differently. Nujol is not a drug, does not act like any drug.

Nujol acts mechanically to coax the bowels to move easily and thoroughly at regular intervals.

Nujol supplies necessary moisture to bowel contents, makes it easier for tired intestinal muscles to act, absorbs poisonous matter, overcomes stagnation and by so doing persuades the abdominal brain to act rationally and efficiently. Nujol has no deleterious after effects, forms good habits instead of bad ones, overcomes constipation at any age, under any conditions.

Get a bottle of Nujol from your druggist today and send coupon for free booklet—"Thirty Feet of Danger."

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
